## Restricted Rights Legend

If software is for use in the performance of a U.S. Government prime contract or subcontract, Software is delivered and licensed as "Commercial computer software" as defined in DFAR 252.227-7014 (June 1995), or as a "commercial item" as defined in FAR 2.101(a) or as "Restricted computer software" as defined in FAR 52.227-19 (June 1987) or any equivalent agency regulation or contract clause.

Use, duplication or disclosure of Software is subject to Keysight Technologies' standard commercial license terms, and non-DOD Departments and Agencies of the U.S. Government will receive no greater than Restricted Rights as defined in FAR 52.227-19(c)(1-2) (June 1987). U.S. Government users will receive no greater than Limited Rights as defined in FAR 52.227-14 (June 1987) or DFAR 252.227-7015 (b)(2) (November 1995), as applicable in any technical data.

**Portions of this software are licensed by third parties including open source terms and conditions.**

**For detail information on third party licenses, see [Notice](#).**

Are there any Plug&Play drivers for the N4906A?

## Contents

Are there any Plug&Play drivers for the N4906A?

The N4906A can use the Plug&Play driver designed for the 86130A by disabling the instrument identification query. For example, in Keysight VEE, after the driver is loaded click on Instrument->Properties->Advanced->Plug&Play Driver. Uncheck the "Perform Identification Query".

This page contains links to the Keysight Technologies and Hewlett-Packard Plug&Play (VXIplug&play) instrument drivers for programming in VEE, C, or Visual BASIC: <http://ftp.agilent.com/pub/mpusup/vxipnp/index.html>
