Does BenchLink support Keysight 3499A/B/C?

BenchLink is **NOT** available for the Keysight 3499A/B/C 9/14-Slot Switch/Control Mainframe. Use other ways to program the 3499A/B/C.

## Code Examples

Several examples are available in different languages and interfaces to program the 3499A/B/C. They are available from the [Keysight Developers Network \(ADN\) website](#)

select the code examples under the "Code Samples" link at the left menu list on the ADN home page or use "Search" to find samples for the 3499A/B/C.

## Instrument Code Wizard

The Instrument Code Wizard creates code to control the 3499A/B/C used with the 34401A DMM, and other instruments. The wizard can be found at: [Instrument Code Wizard creates code examples](#)

The wizard can generate code for the following languages and environments:

SCPI Strings only

Visual Basic

Visual C

VEE

Excel Macro

HP Basic

The wizard can create code using the following I/O libraries:

Keysight ISDK (AGT3494A Control)

VISA COM

VISA

Keysight SICL

NI-488

NI-488.2

You must be familiar with the development environment and programming language to use the sample code. The sample code is intended for GPIB and for a PC that has the GPIB interface installed.
